

Registering for Data Warehouse

Please note – this is a two stage registration process. You only need to do this once.

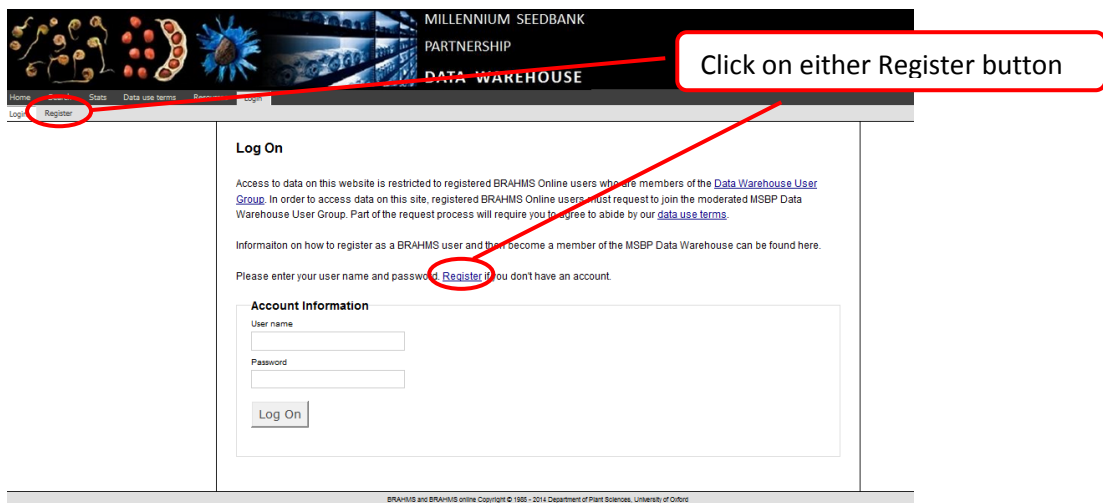

Stage one (Steps 1-5 below) registers you as a user of the BRAHMS Online server;
<http://brahmsonline.kew.org>. This BRAHMS Online registration is an automated process and is available to anyone.

For many of the project websites hosted by our BRAHMS Online server at Kew, this will be sufficient. However, owing to the sensitivity of many of the data on the MSBP Data Warehouse we have added a further level of security.

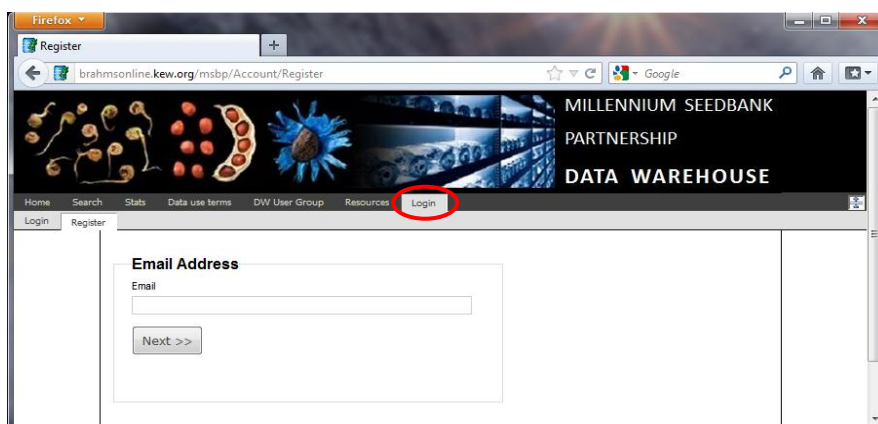

Stage two (Steps 6-9 below) grants you membership of the MSBP Data Warehouse User Group which gives you search and download rights to the data.

Stage 1: BRAHMS Online registration

1. Go to <http://brahmsonline.kew.org/msbp/Account>
2. Click on register

3. Enter your email address and click Next.

4. Fill in registration form and click on Register at the bottom of the page.
